THANKS.—The Ladies of the Carmel Soldiers' Aid Society will accept the thanks of our office for a basket of very nice apples, presented us the other day.

SOLDIERS' VOTE OF HIGHLAND FOR PRESIDENT.

The returns of the soldiers' vote of this county, as far as received, were opened and counted as the law directs, on Monday last, and the aggregate vote was found to be as follows:

For Lincoln and Johnson, 590

For McClellan and Pendleton, 163

Lincoln's majority, 427

home vote, 10

How Much?—Some inquisitive people are a little curious to know how much Dr. Belmont is out of pocket as the keeper of that costly elephant, the Chicago Democratic party, and how much he expects to realize. Is it ten thousand, or how much? Everybody would like to know.

Go to J. SCHILLI, Main street, north side, a few doors west of Ellictott House, for good Boots and Shoes.

LINCOLN'S Maj. in County, 437

It should be remembered that the returns of the soldiers' vote are not complete, many of them being so situated on election day that they could not vote.

Others, like the 11th Cavalry, were too far from home for the vote to be received in time to be counted.

A collection was taken up for the relief of soldiers' families, which amounted to considerably over \$100.

DR. DAVID BLACK, an old and highly respected resident of this county, father of Mr. J. S. Black, of the firm of Black & Kibler, died suddenly near Richmond, Ind., on Sunday last. His remains were brought here and interred on Wednesday. He was a native of Pennsylvania, and was about 60 years of age.

VALUABLE TOWN PROPERTY AT PUBLIC SALE.—The late residence of J. M. Harvey, deceased, on Erie street, one of the most desirable pieces of property in Hillsboro, is to be sold at public sale, on Monday, Dec. 12, under proceedings in partition. See the Sheriff's advertisement.

THE CARMEL SOLDIER'S AID SOCIETY shipped to the Cincinnati Branch of the Christian Commission, on Monday last, by railroad, 2 boxes fruit and vegetables, 1 box clothing, 2 bals Pickles, and 10 lbs. Sour Kraut. This Society has been very active, and deserves great credit for its efforts in behalf of our soldiers in the field and hospitals. The present officers are: Mrs. Keech, President, Mrs. Sarah Kimble, Secretary, Mrs. Recco Noble, Treasurer.

SCHILLI, a few doors west of Ellictott House, north side of Main, makes good Boots and Shoes, cheap.

PRESENT OF A HOUSE TO LT. COL. MCCOY.—A few of the friends of this gallant and popular young officer, now commanding the 175th O. V. I. at Columbia, Tenn., have recently purchased and forwarded to him a fine horse, valued at \$250, as a mark of their esteem for his personal qualities, and their approbation of his energetic and successful efforts in recruiting and organizing his regiment. The horse is of Kentucky stock, a dark chestnut bay, and is considered a very fine animal.

MELANCHOLY ACCIDENT.—The Fayette Co. Herald states that Mrs. Wm. Bloomer, of Washington, was instantly killed on Saturday before last, while visiting the Hub factory in that village, in company with her husband. In stepping over a shaft revolving at a high speed, her skirts were caught and she was drawn into the machinery and literally torn to pieces in an instant. She left a family of eight small children.

A Day of Jubilee for Soldiers' Families.

In response to the humane suggestion of Gov. Brough, last Saturday was observed by our benevolent citizens as a day for sending contributions of clothing, provisions and other necessities, to the families of soldiers residing in this place and immediate vicinity. In addition to private subscriptions, a handsome sum of money contributed by the congregation at the M. E. Church on Thanksgiving Day, was placed in the hands of the Ladies' Soldier's Aid Society, who kindly undertook the work of purchasing and distributing the supplies. The amount expended by the Society and distributed, in the form of groceries, clothing, vegetables, &c. was to relieve the wants of the Ohio men.

In addition to the above, liberal contributions of flour, meat, apples, butter, molasses, &c. were sent in by citizens, and distributed by the committee appointed for that purpose.

This is a good beginning, and we hope the good work will be continued throughout the winter.

The Eaton (O) Register is credibly informed that Mr. Locke (Democrat) the State Representative from Darke county, was, on the occasion of the late draft, shown a sham list of drafted men, in which his name held a prominent place. He was threshing wheat at the time, and sans ceremonie, dropped his fork and posted off to Greenville and had all his upper teeth extracted in order to exempt himself.

REV. DR. J. M. TRIMBLE of the M. E. Church, preached in this place last Sabbath morning, for the first time in a number of years. He feelingly alluded to the great changes that had occurred since he preached his first sermon in this his native place, in the year 1828. The Dr. seems in good health, and preaches with almost as much fire as we remember to have heard him 20 years ago.

SCHILLI has reopened his Boot and Shoe Shop at his old stand, Main street, a few doors west of Ellictott House.

The "spell" of winter which visited us last week, though tolerably severe while it lasted, was only of brief duration, and the weather for several days past has been as mild and pleasant as Spring.

THANKSGIVING DAY was generally observed by our citizens. The M. E. Church was filled in the morning. Rev. M. Dustin preached a very able and appropriate sermon from 24 Samuel, 12 chapter, 24 verse; "Behold how great things the Lord hath done for you."

Rev. Dr. Steel and Rev. Mr. Urstom also took part in the exercises.

A collection was taken up for the relief of soldiers' families, which amounted to considerably over \$100.

Ohio Prisoners Recently Exchanged at Savannah.

The many anxious friends of Ohio prisoners recently exchanged at Savannah, will read with interest the following statement in regard to the prompt action of our State Governor in their behalf:

Special Dispatch to the Cincinnati Gazette.

A dispatch from the Ohio Military agent, Mr. Wetmore, dated yesterday, states that two prisoners with a portion of the recently exchanged Union prisoners had reached Annapolis from Savannah, and that additional arrivals were hourly expected. In obedience to orders from the Governor Mr. Wetmore has sent agents well supplied with money and clothing to Annapolis to relieve the wants of the Ohio men.

In addition to private subscriptions, a handsome sum of money contributed by the congregation at the M. E. Church on Thanksgiving Day, was placed in the hands of the Ladies' Soldier's Aid Society, who kindly undertook the work of purchasing and distributing the supplies. The amount expended by the Society and distributed, in the form of groceries, clothing, vegetables, &c. was to relieve the wants of the Ohio men.

Good BOOTS AND SHOES cheap at Schilly's, Main street, west of Ellictott House.

The mortality among Copperhead papers in all parts of the country, since the election, is very great. In Ohio, among others, The Union County Democrat; The Ottawa Democrat; The Galion Democrat, and The Steubenville Courier have suspended. The high price of paper and ink is the ascribed cause, but it is a little remarkable that this cause should be chiefly fatal to journals of the Democratic persuasion.

It is suggested, on the principle laid down in the late Chicago Platform, which affirms that the War for the Union should be stopped because it has been presented through four years without attaining its object, the party calling itself Democratic should, for that same reason, desist henceforth from trying to get into office. We commend the idea to their earnest consideration.

The Wisconsin Patriot, at Madison—the central organ of the Democracy of that State—gave up the ghost on Monday, the same day on which the State Register at Springfield, the central organ of the Illinois Democracy, did the very same thing.

How Much?—Some inquisitive people are a little curious to know how much Dr. Belmont is out of pocket as the keeper of that costly elephant, the Chicago Democratic party, and how much he expects to realize. Is it ten thousand, or how much? Everybody would like to know.
